or call 0402 787 571 for
address and details

Prosper
Project Australia

Prosper (Project Australia) provides essential emergency relief items of need to families that are experiencing financial hardship and are unable to pay a bill, via Sydney Help Hub. Most items are donated to match a specific need for a specific client, and therefore not every item is available to every client.

Prosper may not always be able to provide items that are requested. Prosper is not able to source new items for every client and some items that are available to clients are used/pre-loved but in good condition.

Only clients who are assessed as eligible are able to access Sydney Help Hub and Prosper reserves the right to refer clients on to other helping agencies.
